Notes to Editors

About Influential Software (www.influentialsoftware.com)

Influential Software is an IT consultancy set up by founder and CEO Andy Richardson in 1993. It has 35 staff in the UK, with offices in London and the South East. The company has been working with businesses across all sectors for 20 years on scores of successful projects that range from enterprise-level business intelligence and data-warehousing to ERP solutions, vendor selection exercises, bespoke software development and the supply of skilled contract staff.
