## RECRUITMENT WIN FOR INFLUENTIAL SOFTWARE

Influential Software are continuing a run of new business wins with their engagement by the FTSE-250 listed leading global recruitment group Hays PLC.

Influential Software, London-based suppliers of business intelligence and IT solutions, have been appointed by the recruitment group to help support their existing SAP Business Objects offering.

David Spearman, Head of BI of Influential Software said of the appointment, "We are pleased to be helping Hays with assistance around the Business Objects product set, one of our core competencies. The work will ensure a smooth transition for their JD Edwards reporting solution"

Hays plc (<http://www.haysplc.com>) is the leading global specialist recruitment group. In 2010, Hays placed approximately 50,000 people into permanent jobs and found temporary assignments for approximately 180,000 people. The Group employs over 6,800 people operating from 270 offices in 28 countries across 17 specialisms.

Influential Software (<http://www.influentialsoftware.com>), London-based IT consultancy, has a 20 year history of delivering IT solutions to some of the world's leading businesses – aiming to increase client profitability via a core set of objectives; to drive revenue, to underpin growth, to reduce cost whilst reducing risk. This is achieved by realising past investment in systems and infrastructure and unlocking the drivers

of each business, developing enterprise-grade bespoke software to integrate, manage and streamline processes, all underpinned by expert consultancy.
